

KEY AREAS Changes possible

Hall	Contents
11	Cattle: Breeding and reproduction technology, machinery and equipment for management and feeding, animal identification, hoof care equipment, pasture management technology, DLG Spotlight "TopTierTreff" Sheep/goat: Breeding and reproduction technology
12	Cattle: Machinery and equipment for management and feeding, barn construction, controlled environment and environment technology Horse: Machinery and equipment for management and feeding, barn construction All species: Feed storage, milling and mixing dosification, feed pelleting EnergyDecentral: Biomass storage, processing and pelleting of solid fuels
13	Cattle: Machinery and equipment for milking and refrigeration, calf supplies, DLG Spotlight „Farm Robot Event“ All species: High pressure washers, agricultural software, consultancy, direct marketing, financial services, insurances, Campus & Career including Science & Research, DLG Stand, International Visitors' Lounge,
15	Pig: Breeding and reproduction technology, machinery and equipment for management and feeding piggery and shed construction, DLG Spotlight „No-docking in pig farming“, DLG Expert Stage Pig Cattle: Barn and shed construction
16	Poultry: Controlled environment and environment technology, machinery for management and feeding Pig: Controlled environment and environment technology, machinery for management and feeding
17	Poultry: Breeding/hatching technology, machinery and equipment for management and feeding, poultry housing and shed construction, DLG Spotlight "AI in Poultry Farming", DLG Expert Stage Poultry
20	All species: Compound feed, straight feeding stuffs and feed additives
21	All species: Compound feed, straight feeding stuffs and feed additives, veterinary products and equipment

Hall	Contents
22	All species: Compound feed, straight feeding stuffs and feed additives
23	Poultry: Slaughtering and processing, egg grading and processing All species: Cleaning and disinfecting products, insecticides
24	All species: Stand „Young & innovative companies“, Agrifood-Start-ups, DLG. Prototype.Club EnergyDecentral: CHP units, waste air and exhaust gas cleaning systems, DLG Expert Stage "Energy Storage" Inhouse Farming Feed & Food Show: Technology for Inhouse Farming, cellular agriculture, production of insects, aquaculture, aquaponics, hydroponics, algae production and processing, DLG Expert Stage Inhouse Farming B2B supply industry, powered by SYSTEMS & COMPONENTS
25	EnergyDecentral: Biogas/biomethane, substrate conditioning, fermentation, gas feed-in, energy plant construction, solid biofuels, fuel technology, photovoltaics, wind energy installations, direct marketing of electricity, energy storage, DLG Spotlight "Solar Campaign, DLG Expert Stage "EnergyDecentral"
27	Cattle: Machinery and equipment for management and feeding, automatic feeding systems, bale opening devices, bunker silos, silo unloading equipment, All species: Loaders/lifters, transport vehicles, animal transport vehicles, solid manure and slurry technology EnergyDecentral: Silo unloading equipment, dosing technology, spreading of fermented products Inhouse Farming Feed & Food Show: DLG Spotlight "Vertical Farming: Green Forager" (Outdoor area)
